ultimate shower trays & enclosures

Evolution Range

ultimate modern shower tray

Over two years in development, the revolutionary new TM25 is the ultimate in modern bathroom design.

At only 25mm high, this ultra stylish premium product can be fitted as a normal shower tray, or flush fitted to the floor to give a full wet room look to your bathroom.

Handmade in the United Kingdom from 100% natural stone resin. Comes complete with a stainless steel flush fitting waste cover and a unique self cleaning vortex high flow waste unit.

All supplied when purchasing any TM25 Evolution shower tray

TM25 Evolution - Square

TM25 Evolution - Quadrant

TM25 Features & Benefits

- For fitting on wooden or concrete floors
- Very strong - tested to over 300kg
- Suitable for wheelchair/less abled access
- Simple to fit, no tanking or wet room system required
- Fully complies with EN274 European standard for shower flow rates
- Market leading lifetime guarantee against manufacturing defects
- 100% recyclable
- Includes stainless steel waste cover and unique self cleaning waste unit
- Quality white gel coat finish which is very tough and repairable

the traditional shower tray

The 45mm high TM45 combines traditional design with a lower profile to help create a modern twist for the customer who prefers a more classic bathroom.

Just like the TM25, the TM45 is hand crafted in the UK from pure stone resin giving the ultimate in quality and durability. There are no plastics or acrylics used in the manufacture of any shower tray within the Evolution range, just 100% natural stone.

TM45 Features & Benefits

- For fitting on wooden or concrete floors
- Market leading lifetime guarantee against manufacturing defects
- Huge range of over 50 different size options available
- 100% recyclable
- Quality white gel coat finish which is very tough and repairable
- Hand made in the United Kingdom from 100% natural stone resin

Deflector Panel 2020 x 300 TM2020DP £170.00

simple logical thinking

Evolution Range solution is key

Sound engineering principles are the cornerstone of our product design and the TMKIT is no exception.

The perfect plumbing solution for any shower tray that requires fitting above either a wooden or concrete floor to allow access to the waste unit. It includes everything that the fitter will need to install a shower tray to ensure that it will last a lifetime.

TMKIT Features & Benefits

- Assembles in minutes, saves hours of fitting time.
- Acts as a convenient work platform, preventing damage to the tray prior to fitting
- High quality, strong and durable - suitable for heavy loads
- Suitable for all floor surfaces
- Enables pre-plumbing of bathroom prior to fitting shower tray
- Fits all standard or low profile shower trays
